

Frequently Asked Questions (FAQs) about KISS

If you do not see your specific question listed here, please check the [Tournament Rules](#) for further information.

Q. We have our own Medical Release forms from our league/state. Do we have to use yours?

No, your existing forms are fine. Ours is provided in case you do not already have forms.

Q. We will be using guest players to fill out our team. What paperwork do I need?

Guest players require all the same paperwork as rostered players (see full list in Tournament Rules). Your state organization may also have a guest player process to follow.

Q. Do we need to complete the player profile forms on Captain U?

Yes, we are a college showcase event and basic contact information (name, email, jersey # and graduation year) for all U16-U18 players is necessary to properly compile our player profile booklets for the attending college coaches. All other profile information is voluntary. If you have players already committed, just indicate that on their profile.

Q. How can I get a list of the colleges that will be attending this year?

We do not publish this information prior to the event; we do publish a list of programs that have frequented our event in the past for you to reference. We foster the approach that the players should be contacting the schools where they have interest in attending and inviting them to our event, rather than blindly contacting colleges just because they happen to be coming to our event.

Q. Do I need to sign the Waiver of Liability? Our medical release form already addresses this.

Yes, this is required of all participants. The Waiver of Liability and the Medical Release forms perform two unique functions. The Waiver limits the liability of the event, its organization and supporters. The Medical Release ensures that medical care can be authorized should a player be injured and their parents/guardians are not present.

Q. Will you be selling T-shirts? Can we pre-order them for a discount?

Yes, T-shirts will be available at the HQ sites at both locations. There are no pre-orders or discounts as our shirts are very modestly priced.

Q. Can I register my team Saturday morning, before our first game?

No. Every team must attend Team Registration between 6pm and 9pm Friday evening. Every year, teams show up with incomplete paperwork (missing forms, signatures, player cards etc.). By completing Registration Friday evening, they have adequate time to correct any errors prior to their first game, whereas, waiting until Saturday leaves no time to react. Also, we are staffed at that time to complete this process efficiently. Saturday morning is active with game/event management activities and registration then would be an unnecessary distraction.

Q. Do we have to utilize your hotel service to reserve rooms?

Yes. Kalamazoo is a relatively small market with limited availability for hotels. Our hotel service provides an easy and efficient means to find rooms specifically held for our event's use. This maximizes the use of rooms within the area, keeping the hotels happy, and our customers close by their respective game fields. Please see our website for their contact information and links.

Q. Are there any games scheduled on Friday?

No. Friday evening is reserved for Team Registration.

Q. What time are the latest games on Sunday?

We realize everyone wants to get home as early as possible on Sunday, so we schedule all third games in the morning with championships in the afternoon. Our goal is to have everything wrapped up by 5:30pm.

Q. Will medical staff be on hand?

Yes, we have both EMTs and athletic trainers on site at both locations. Ambulance services are on stand-by, in case of more severe occurrences.

Q. Will there be concessions?

Yes, both sites will have resources available for you to replenish your fluids and satisfy your taste buds.
